

- ISSUES
- Entrepreneurship And Workspaces

Creating an environment for small business start ups.

Entrepreneur park: A building with retail space and light manufacturing space at a low rental fee.

Shared community Workspace for creators that need office space to design, interact, and bring clients.

Renovation projects to upgrade existing structures and give them new life for small business start ups.

- South Wichita Development Collective

Similar to the Downtown Development Corp, but designed to promote, seek funding for community projects, encourage development and home ownership in District 3.

Promoting tourism and retail shopping. Spearheading the Shop Local-Make Local program.

- Arts and Culture

Promoting the expanding Wichita Arts and Culture movement to the south part of the city.

Establishing South Wichita as the outdoor entertainment part of the city.

- Maintain And Improve Infrastructure

Maintaining all programs that assist with historic preservation, street improvements, neighborhood safety, blight issues, and home improvement incentive programs.

- Environmental Improvement Initiatives

Incentives to improve existing home insulation, reopening the wells in approved areas for non potable use.

Establishing pop-up food markets to serve low income and food desert areas.

Establish the vacant lot Edible Beauty Project, and assist with community garden start-ups.

Improving current ordinances on solar installation, and solar projects to reduce grid energy use on Governmental buildings and schools.

Continue to promote improvements to our stormwater run off into the Arkansas River by encouraging more pervious surfaces owned by the city.

- Community Portal

Active communication with residence in the District

Live streaming and interactive communication for those that can't attend meetings sharing ideas, news, and community input.
